

# HERITAGE

Welcome to the GRILL at Hotel Vier Jahreszeiten Hamburg.

The GRILL is a dignified homage to the renowned Rhineland architect Emil Fahrenkamp (1895–1966). In 1925, Fahrenkamp designed elegant banquet and social rooms for the Haerlin family, the founding family of Hotel Vier Jahreszeiten, which later became the original Jahreszeiten-Grill. The restaurant was characterized by a clear design language, the use of high-quality materials, and attention to detail.

The history of this special place has been preserved through the renovation in September 2023, and Fahrenkamp's creative design richness has been translated into a contemporary design.

The redesign of the GRILL continues this tradition. All furniture, fabrics, carpets, lamps, as well as the tableware and cutlery, have been specially crafted by manufacturers and small artisanal workshops. Colors and shapes have been carefully coordinated with the original ideas to create a harmonious composition.

The GRILL places special emphasis on impressive lighting arrangements. Chandeliers and light mobiles, mouth-blown and hand-cut glass art, as well as artistic metal elements, create a fascinating atmosphere at any time of the day.

In the restaurant, Caucasian walnut, warm colors such as rust red, olive green, and dove blue, along with a fireplace, create an elegant and cozy ambiance.

At the same time, the adjacent Oval Salon presents itself as a brightly lit space in delicate pastel tones. A mural on the surrounding walls transports guests into a fantastic world inspired by the Hamburger Feenteich, featuring diverse vegetation, urban townhouses, and nature-inspired landscape gardens.

The Oval Salon invites guests to linger as an exclusive space, offering classic board games for relaxation and sophisticated pastime.

We wish you an unforgettable culinary journey at the GRILL.
